I Robert W. Merrick of RT#1 BOX#290 Frazer, Ky. Do here by Strongly Disapprove of plans to build a 260 ft. Cell Tower in the proposed Frazer area on Land owned by David Gover. This is a small nice Country area where people moved to be away from big city type junk in or back yards. We DON'T WANT the TOWER here. There are lots of higher wooded areas within just a 5-mile area that would hid most of the tower and not be an eye sore to the good people that live and work here.
